

Index

Unit No.	Unit Name	Page No.
•	DDCET Sample Paper-2024-25 -----	1 to 16
•	DDCET GTU Examination Paper 2024-25 -----	17 to 24

Section-01 : Basics of Science and Engineering

PHYSICS

1.	Units and Measurements -----	2 to 11
[1]	Physical Quantities and Units -----	2
[2]	Fundamental and derived physical quantities -----	2
[3]	Some important practical units -----	2
[4]	Interconversion of Units MKS (SI) to CGS and Vice Versa -----	3
[5]	Measurement with Vernier Caliper and Micrometer Screw Gauge -----	4
[6]	Micrometer Screw Gauge -----	5
[7]	Errors -----	7
[8]	Systematic Errors -----	8
[9]	Random Errors -----	8
[10]	Estimation of errors -----	9

Multiple Choice Questions (MCQs)

2.	Classical Mechanics -----	10
[1]	Force -----	12 to 17
[2]	Linear Momentum -----	12
[3]	Impulse and its Applications -----	12
[4]	Angular Velocity -----	13
[5]	Relation Between Angular and Linear Velocity -----	14
[6]	Centrifugal force -----	15
[7]	Examples of Centrifugal and Centripetal Forces -----	15

Multiple Choice Questions (MCQs)

3.	Electric Current -----	16
[1]	Electric Charge -----	18 to 30
[2]	Coulomb's Law -----	18
[3]	Electric Field -----	18
[4]	Electric Field (Intensity) of a Point Charge -----	20
[5]	Electric Flux -----	20
[6]	Electric Potential -----	22
[7]	Capacitance -----	23

[8] Types of Capacitors [Only for Information] -----	24
[9] Parallel Plate Capacitor and Its Capacitance -----	24
[10] Series Combination of Capacitors -----	25
[11] Parallel Combination of Capacitors -----	26

• **Multiple Choice Questions (MCQs) ----- 28**

4. Heat and Thermometry -----	31 to 38
[1] Heat -----	31
[2] Unit of heat -----	31
[3] Temperature -----	31
[4] Modes of Heat-Transfer : Conduction, Convection and Radiation -----	33
[5] Thermal Conductivity -----	34

• **Multiple Choice Questions (MCQs) ----- 37**

5. Wave Motion, Optics and Acoustics -----	39 to 61
--	----------

Wave Motion

[1] According to transmit energy through vacuum -----	39
[2] Some Definitions Related to Waves -----	40
[3] Relation Between Velocity, Wavelength and Frequency -----	41
[4] Sound and Light Waves -----	43
[5] Ultrasonics -----	43
[6] Application of Ultrasonic Waves -----	45

• **Multiple Choice Questions (MCQs) ----- 50**

Optics & Acoustics

[1] Refraction -----	53
[2] Refractive Index and Snell's law -----	54
[3] Total internal reflection and Critical angle -----	54
[4] Applications of Total Internal Reflection in Optical Fibers -----	56
[5] LASER -----	56

• **Multiple Choice Questions (MCQs) ----- 58**

CHEMISTRY

6. Chemical Reactions and Equations -----	62 and 63
---	-----------

• **Multiple Choice Questions (MCQs) ----- 62**

7. Acids, Bases and Salts -----	64 to 65
---------------------------------	----------

• **Multiple Choice Questions (MCQs) ----- 64**

[8] Types of Capacitors [Only for Information] -----	24
[9] Parallel Plate Capacitor and Its Capacitance -----	24
[10] Series Combination of Capacitors -----	25
[11] Parallel Combination of Capacitors -----	26

• **Multiple Choice Questions (MCQs) ----- 28**

4. Heat and Thermometry -----	31 to 38
[1] Heat -----	31
[2] Unit of heat -----	31
[3] Temperature -----	31
[4] Modes of Heat-Transfer : Conduction, Convection and Radiation -----	33
[5] Thermal Conductivity -----	34

• **Multiple Choice Questions (MCQs) ----- 37**

5. Wave Motion, Optics and Acoustics -----	39 to 61
--	----------

Wave Motion

[1] According to transmit energy through vacuum -----	39
[2] Some Definitions Related to Waves -----	40
[3] Relation Between Velocity, Wavelength and Frequency -----	41
[4] Sound and Light Waves -----	43
[5] Ultrasonics -----	43
[6] Application of Ultrasonic Waves -----	45

• **Multiple Choice Questions (MCQs) ----- 50**

Optics & Acoustics

[1] Refraction -----	53
[2] Refractive Index and Snell's law -----	54
[3] Total internal reflection and Critical angle -----	54
[4] Applications of Total Internal Reflection in Optical Fibers -----	56
[5] LASER -----	56

• **Multiple Choice Questions (MCQs) ----- 58**

CHEMISTRY

6. Chemical Reactions and Equations -----	62 and 63
---	-----------

• **Multiple Choice Questions (MCQs) ----- 62**

7. Acids, Bases and Salts -----	64 to 65
---------------------------------	----------

• **Multiple Choice Questions (MCQs) ----- 64**

8. Metals and Non-Metals	66 and 67
• Multiple Choice Questions (MCQs)	66

COMPUTER PRACTICE

9. Computer Practice	68 to 99
9.1 Computer Basic	68
9.2 MS Word	78
9.3 MS Excel	81
9.4 MS PowerPoint	85
9.5 Web Design (HTML)	89
• Multiple Choice Questions (MCQs)	94

ENVIRONMENTAL SCIENCES

10. Environmental Sciences	100 to 124
[1] Classification of Ecosystem	100
• Multiple Choice Questions (MCQs)	102
[2] Pollution & its Types	104
• Multiple Choice Questions (MCQs)	115
[3] Climate Change	117
• Multiple Choice Questions (MCQs)	118
[4] Renewable sources of energy such as hydro, solar, wind, biomass, tidal and geothermal - their availability and limitations	119
• Multiple Choice Questions (MCQs)	123

Section-02 : Aptitude Test (Mathematics & Soft Skill)

MATHEMATICS

1. Determinant and Matrices	126 to 143
[A] Determinant	
[1] Introduction	126
[2] Second Order Determinant	126
[3] Third Order Determinant	128

• Multiple Choice Questions (MCQs) (Solution with Explanation) -----	128
• Multiple Choice Questions (MCQs) with (Final Answers) -----	129

[B] Matrix

[4] Matrix -----	130
[5] Types of Matrices -----	130
[6] Addition of two matrices and properties of addition -----	131
[7] Product of a matrix with a scalar and its properties -----	132
[8] Transpose of a matrix and its properties -----	133
[9] Multiplication of Matrices and Properties of Matrix Multiplication -----	134
[10] Determinant of a Matrix -----	135
[11] Adjoint Matrix -----	136
[12] Solution of System of linear Equations in two variables -----	137

• Multiple Choice Questions (MCQs) (Solution with Explanation) -----	138
• Multiple Choice Questions (MCQs) with (Final Answers) -----	141

2. Trigonometry ----- 144 to 167

[1] Introduction -----	144
[2] Unit circle -----	144
[3] Trigonometric point -----	144
[4] Measurement of an angle -----	145
[5] Trigonometric ratios -----	147
[6] Trigonometric functions -----	147
[7] Relations between Trigonometric functions -----	151
[8] Sign of Trigonometric functions -----	151
[9] Trigonometric functions for negative angles -----	151
[10] Period of Trigonometric functions -----	152
[11] Addition formulae -----	153
[12] Some important results -----	154
[13] Formulae for allied angles -----	155
[14] Addition formulae for tan and cot -----	156
[15] Expression of product in the form of sum or difference -----	157
[16] Expression of sum or difference in the form of product -----	158
[17] Formulae for Multiples and Sub-Multiples Angles -----	159
[18] Values of trigonometric functions for some special numbers -----	160

• Multiple Choice Questions (MCQs) (Solution with Explanation) -----	162
• Multiple Choice Questions (MCQs) with (Final Answers) -----	166

3. Vectors	168
[1] Introduction	168
[2] Vector	168
[3] Properties of Addition and Multiplication by a Scalar	169
[4] Geometric representation of vector	170
[5] Inner product / Scalar product / Dot product of vectors in R^2 and R^3	170
[6] Magnitude of Vector	171
[7] Unit Vector	171
[8] Representation of vectors in the form of \bar{i} , \bar{j} and \bar{k}	171
[9] Outer product / Vector product / Cross product of vectors in R^3	172
[10] Angle between vectors	172

- **Multiple Choice Questions (MCQs) (Solution with Explanation)** 173
- **Multiple Choice Questions (MCQs) with (Final Answers)** 175

4. Co-ordinate Geometry	176 to 189
--------------------------------	------------

[1] Introduction	176
[2] Revision	176

[A] Line

[3] Line	176
[4] Cartesian equation of a line in R^2	176
[5] Condition for three points to be collinear	177
[6] Linear equation in R^2	178
[7] Slope of a line	178
[8] Necessary and sufficient condition for two distinct lines to be parallel	179
[9] Necessary and sufficient condition for two distinct lines to be perpendicular to each other	180
[10] Angle between two intersecting lines	181

[B] Circle

[11] Circle	182
[12] Standard form of the equation of a circle	183
[13] General form of the equation of a Circle	184
[14] Tangent and normal to the circle	184

- **Multiple Choice Questions (MCQs) (Solution with Explanation)** 185
- **Multiple Choice Questions (MCQs) with (Final Answers)** 187

5. Function & Limit	190 to 201
--------------------------------	------------

FUNCTION

[1] Introduction	190
[2] Relation	190
[3] Function	190

[4] Understanding of function by Venn diagram -----	190
[5] Some useful sets -----	192
[6] Some useful Functions -----	193
[7] Composition of functions -----	193

• **Multiple Choice Questions (MCQs) (Solution with Explanation) ----- 194**

LIMIT

[8] Introduction -----	194
[9] Interval -----	194
[10] Limit of a function -----	195
[11] Working rules of Limit -----	196
[12] Some Standard forms -----	196
[13] Some more standard forms -----	197

• **Multiple Choice Questions (MCQs) (Solution with Explanation) ----- 198**

• **Multiple Choice Questions (MCQs) with (Final Answers) ----- 200**

6. Differentiation and its Applications ----- 202 to 216

[1] Introduction -----	202
[2] Differentiation -----	202
[3] Working Rules of Differentiation -----	203
[4] Some Standard forms -----	203
[5] Differentiation of Composite Function (Chain Rule) -----	205
[6] Logarithmic Differentiation -----	206
[7] Differentiation of Implicit function -----	206
[8] Differentiation of Parametric function -----	206
[9] Higher order derivatives -----	207
[10] Velocity and Acceleration -----	208

• **Multiple Choice Questions (MCQs) (Solution with Explanation) ----- 208**

• **Multiple Choice Questions (MCQs) with (Final Answers) ----- 214**

7. Integration ----- 217 to 228

[1] Introduction -----	217
[2] Some results of Antiderivative -----	217
[3] Some Standard Integrals -----	218
[4] Method of Substitution for Integration -----	219
[5] Rule of Integration by Parts -----	220
[6] Some more standard forms of Integration -----	221

[7] Fundamental Principal of Definite Integration -----	222
[8] Properties of Definite Integration -----	222
[9] Some useful results for Definite Integration -----	222
• Multiple Choice Questions (MCQs) (Solution with Explanation) -----	223
• Multiple Choice Questions (MCQs) with (Final Answers) -----	227
8. Logarithm -----	229 to 235
[1] Introduction -----	229
[2] Logarithm -----	229
[3] Properties of Logarithm -----	231
• Multiple Choice Questions (MCQs) (Solution with Explanation) -----	233
• Multiple Choice Questions (MCQs) with (Final Answers) -----	234
9. Statistics -----	236 and 237
• Multiple Choice Questions (MCQs) with (Final Answers) -----	236

ENGLISH

10. Comprehension of Unseen Passage -----	238 to 276
11. Theory of Communication -----	277 and 278
12. Grammar -----	279 to 313
13. Correction of Incorrect Words and Sentences -----	314 to 316

* * *

: PUBLISHER :

ATUL PRAKASHAN

Under Farnandis Bridge,
Gandhi Road, Ahmedabad-380 001
OFFICE (079) 22160475, M. 9825967533

: TYPE SETTING :

DIXIT PATEL

Odhav, Ahmedabad

: PRINTER :

ASHISH OFFSET

5-B, Mahalaxmi Compound,
Near Kalpna Bhumi Estate, Opp. Rustom Mills,
Dudheshwar, Ahmedabad.
